ABOUT ME

Passionate MERN stack developer based in Bangladesh, dedicated to the art of coding and exploration across diverse tech domains—ranging from web and mobile app development to cybersecurity and ethical hacking. With a dream to evolve into a successful modern full-stack developer, my goal is to secure a rewarding position in a forward-thinking tech company where I can contribute my skills and continuously grow in the dynamic world of software development.

EXPERIENCE

SELF-TAUGHT WEB DEVELOPER

| Mar 2022 - Current

Acquired proficiency in the MERN stack through self-guided learning and hands-on project work.

EDUCATION

BACHELOR OF SCIENCE

Netrokona Govt. College, Bangladesh | Jul 2022 - Current

Pursuing my B.S.C. Honours degree in the Botany department.

PROJECTS

LINKBRIDGE

| Feb 2024 - Mar 2024

A MERN linktree app with React, Tailwind CSS, and Node.js. Features include multi-platform authentication, link customization, and PWA support. Built with clean code and industry standards, it's a milestone in my MERN journey, offering users seamless link organization and accessibility.

RAINBOWNOTE

| Sep 2023 - Sep 2023

A note taking app with GitHub login, trash management and public note sharing.Powered by Vite React,Appwrite,React-Query and Tailwind CSS.
